Amendment Articles of Association I – Capital Increase

This proposal for the amendment to the articles of association relates to the proposed capital increase which will be implemented in 2024 and forms part of agenda item 5.

The first column displays the current text of the provisions of the Articles of Association for which an amendment is proposed. The second column displays the proposed amendments. Amendments are shown underlined. The third column provides brief explanatory notes per amended Article.

The text of the proposal below is an English translation of a proposal prepared in Dutch. In preparing the text below, an attempt has been made to translate as literally as possible without jeopardising the overall continuity of the text. Inevitably, however, differences may occur in translation and if they do, the Dutch text will govern by law. In this translation, Dutch legal concepts are expressed in English terms. The concepts concerned may not be identical to concepts described by the English terms as such terms may be understood under the laws of other jurisdictions.
